GPA in CS Core Classes: 3.3

Anticipated June 2023

University of North Florida, Jacksonville, FL

B.S in Computing and Information Sciences, Computer Science

College of Computing, Engineering & Construction (ABET Accredited.)

RELATED EXPERIENCE

Web Ascender, Okemos, MI

May 2018-July 2018

June 2022-August 2022

- Created websites for clients using HTML, CSS, Javascript .
- Utilized web template creators, such as Wordpress for smaller web projects.
- Reported on status updates, released meeting minutes, in support of larger project clients.
- Implemented basic design changes with Ruby on Rails to service some web apps that have previously been released to our clients.
- Developed methodologies to prevent bots from continuous login attempts. (Giant check lists the company used to maintain security.)
- Released multiple websites during my internship at Web Ascender.

SKILLS/ABILITIES

Skills ranked in ascending order.

- Python, OpenCV, HTML, CSS
- Java, Ruby
- Javascript, SQL
- C#, C++, PHP, C

PROJECTS

- Dewitt Fences, Okemos MI. Primary Web developer (<https://www.dewittfencecompany.com/>)
- AC&E rentals, Okemos MI, Secondary Web developer (<https://www.acerentalsinc.com/>)
- A lot of small edits within the Web Ascenders portfolio.
- PyautoGui Projects: Image recognition bots that I have created for online video games and puzzle sorting algorithms.
- Personal websites: (<https://www.dravendoom.org/>) which has a lot of my personal projects posted.

SIDE SKILLS OR ACTIVITIES

- A solid digital art creator. Can create logos, banners, and any sort of necessary visuals for websites, videos or web apps. Went to school for many years for art when I was younger.
- 4 Years of experience in 3D-animation and modeling using both Maya and 3Ds max.
- 3 Years of experience and certifications in photoshop and flash.
